

**UNIT-IV**

S.No	Questions	CO	BT	PO
<b>Part – A (Short Answer Questions)</b>				
1	What is a search statement?	CO4	L1	PO2
2	Define similarity measure.	CO4	L2	PO1
3	What is ranking?	CO4	L2	PO2
4	Define relevance feedback.	CO4	L1	PO4
5	What is Selective Dissemination of Information?	CO4	L1	PO3
6	What are weighted Boolean searches?	CO4	L1	PO9
7	Define information visualization.	CO4	L2	PO8
8	What is cognition?	CO4	L1	PO2
9	What is perception?	CO4	L2	PO9
10	List information visualization technologies.	CO4	L1	PO1
<b>Part – B (Long Answer Questions)</b>				
11	a) Explain Search Statements and Binding in Information Retrieval Systems.	CO4	L1	PO1
	b) Explain in detail similarity measures?	CO4	L2	PO2
12	a) Explain in detail about the various ranking algorithms?	CO4	L1	PO4
	b) What is Relevance feedback and explain the positive and negative feedback on retrieval strategy?	CO4	L1	PO9
13	a) Explain in detail about dissemination systems?	CO4	L1	PO9
	b) Explain in detail weighed searches of Boolean systems?	CO4	L1	PO5
14	a) Explain in detail information visualization?	CO4	L1	PO4
	b) Give a brief account on cognition and perception	CO4	L1	PO1
15	a) Discuss various information visualization technologies	CO4	L1	PO1
	b) Explain in detail searching the INTERNET and Hypertext?	CO4	L1	PO1
16	a) Explain in detail about Relevance feedback?	CO4	L1	PO9
	b) list and explain the six key characteristics of intelligent agents in internet and hypertext?	CO4	L1	PO2
