

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

## PROJECT LABORATORY

S.No.	Name of the Laboratory	Name of the Equipment /Facility/Latest Software in The Project Lab	Utilization
1	Project Laboratory	8 PCs	Utilization for the students regarding the project work
		Arduino Dev board, ARM 7 Dev Boards, Raspberry Pi-Zero W	
		KICADE Arduino IDE, linux (Ubuntu 16.04)	
		Digital Storage Oscilloscope,	Used to measure frequency, time period between signals,
		Spectrum Analyzer	Used to measure the strength of the spectrum of known and unknown signals

Incharge

Head, ECE Department
