The Department of Freshman Engineering, Narsimha Reddy Engineering College (NRCM), conducted the Induction Programme for the academic year 2026–2027 on 08 August 2026. The programme was organized to provide students with academic, motivational, wellness, and social-awareness oriented experiences as part of their induction into engineering education.

#### **Forenoon Session – Dr. Venkat Rao**

Dr. Venkat Rao, Dean – Student Affairs, addressed the students on “Success Through Goal Setting.” The session emphasized setting clear goals and working consistently towards achieving them. Students were encouraged to approach their academic journey with focus, discipline, determination, and a clear sense of direction.

#### **Yoga Session – Srinivas Garu**

A yoga session was conducted by Srinivas Garu as part of the forenoon induction activities. The session highlighted the value of maintaining balance, concentration, and healthy habits during student life.

#### **Coding Club - Mrs. Nikitha Reddy**

The event was conducted from by Coding Club. Mrs. Nikitha Reddy serving as the resource person. She introduced students to the importance of coding and technical skills in the present academic and professional landscape. The session highlighted how participation in coding-related activities can strengthen problem-solving abilities, logical thinking, creativity, and technical competence.

#### **Afternoon Session – Pragna Bharathi Team**

The Pragna Bharathi Team participated in the afternoon programme and provided students with an additional platform for learning and interaction. Their participation broadened the orientation experience and exposed students to perspectives beyond the regular academic environment.

#### **Afternoon Session – Dr. Suresh Kochatti**

Dr. Suresh Kochatti, Senior Journalist, participated in the afternoon induction programme. His interaction provided wider exposure to social and professional perspectives and encouraged students to remain informed, thoughtful, and aware of the world around them.

#### **Key Highlights**

The programme combined goal-oriented motivation, wellness, social awareness, and intellectual exposure. The sessions encouraged students to develop clear objectives, maintain healthy habits, and gain broader social and professional perspectives.

**Conclusion**

The Induction Programme was a meaningful initiative for the new batch of students. The sessions provided motivation, wellness awareness, and broader social and professional exposure, encouraging students to begin their engineering journey with clear goals, discipline, balance, awareness, and a positive attitude.
